Help capture the history of the canals in your neighbourhood

Laburnum Boat Club will be working together over the next year with local experts and volunteers to capture living memories and information about the Regent's Canal and the Hertford Union Canal in Tower Hamlets. The project is supported with funding from the Heritage Lottery Fund

We are looking for people to talk to who have lived or worked by the canals to share their knowledge. There are several volunteer opportunities too: working with the project, you will enjoy sharing and learning about the history of the canals as well as developing practical skills such as archival research, photography and interview techniques and in providing guided walks.

If you are interested in taking part in the project, please contact Carolyn Clark by calling 07773 784 517 or email carolynclark10@aol.com
